

Unmanned Aircraft Systems (UAV)

Drone Services

Costich Engineering, D.P.C. - www.costich.com - 585-458-3020

DRONE OVERVIEW:

- Costich Engineering has (2) FAA licensed drone pilots on staff to assist with all of your drone needs. We have a small UAS Certificate of Registration and we fly a DJI Inspire 2. We provide a wide range of drone services and often customize our drone flights based on specific client needs.

DRONE SERVICES:

- Aerial Imagery
- Aerial Video
- Construction Site Inspection
- Stormwater Maintenance Facility Inspection
- Lake Ontario Shoreline and Waterfront Property Inspection
- Rooftop Inspection
- Construction Progress Video Sequence/Time Lapse Photography

COMPUTER MODELING SERVICES:

- 3D Modeling
- Construction stockpile measurements
- Topography
- Aerial Mapping

WAIVER REQUEST APPLICATION PROCESS:

- Not all airspace is created equal. There are restrictions on where and when you can fly. Costich Engineering can complete the necessary applications and waiver request for Airspace Authorization in restricted areas such as the 5 mile circle surrounding the Rochester Airport.

FEES & SAMPLE PROJECTS:

- We like to provide quotes for drone services on a site by site basis. Give us a call to discuss your project and what you need and we will get you a price and schedule a flight.
- In the mean time you can view some samples of our drone services to date on our Costich Engineering YouTube channel:
