

# KanPak

105 Horizon Park Drive

Town of Penn Yan, NY 14527

Costich Engineering, D.P.C. - [www.costich.com](http://www.costich.com) - 585-458-3020

## CLIENT:

Chrisantha Construction Corp.

## YEAR COMPLETED:

2021

## PROJECT DESCRIPTION:

The current KanPak, LLC development started as a single lot, 20,000 square foot productions facility. And since its inception in 2002, the business has experienced exponential growth. COSTICH was commissioned to provide all plans from conceptual designs to final construction drawings for this aseptic processing and packaging facility. Over the years, several expansions were developed, which required COSTICH's expertise in creating functional solutions regarding site design, utilities, grading, erosion control, landscaping, vehicular circulation, lighting, and more.

Additional work included:

- Preparation of Engineer's Reports
- Designs for an RPZ Backflow Preventer, wastewater treatment, and oil/water separator
- ALTA Surveys
- Construction Stakeout Services
- Construction Observation
- Stormwater Pollution Prevention Plan (SWPPP) inspections

The current operation occupies approximately 14 acres, with 250,000 square feet of combined office, processing and warehouse space. The site is located within the Horizon Park Drive Business Park - a Yates County IDA development area intended to promote local industrial and manufacturing projects.

Throughout the years, COSTICH has provided the necessary consulting services to facilitate successful and efficient development, playing a key role in the impact this nationwide company has on the market.
